Alex Cyrus
Full Stack Developer

Freelance web developer and graphic designer experienced in IT. Committed to maintain cutting edge technical skills and up-to-date industry knowledge. Loves building things with other people.

Work Experience

09/2016 - Present
Web Developer and Graphic Designer
Freelancer

- Offer freelance services to corporate clients including full stack web development, mobile development, graphic design, and UX/UI design
- Liable for marketing and selling services, managing all client relationships, controlling budgets, and developing web and mobile applications
- Hired to design instant sales-ware mobile application for an NYC-based startup, which includes state-of-the-art image and audio recognition technology

01/2015 - 01/2016
Technical Writer (Contract)
Texas Instruments

- Wrote and edited data sheets, user guides, and application reports for a semiconductor product line
- Utilized XML-based software to convert technical documents into online data
- Collaborated with design engineers to meet monthly deadlines in a fast-paced team setting

Education

04/2016 - 07/2016
Web Development Intensive
New York Code + Design Academy

08/2008 - 08/2011
B.A. in Graphic Design
California State University, Northridge
